

There is plenty of parking available at Vernier. The lot at the back of the building is divided. White stripes and white signs designate Nike parking, while yellow stripes and signs are for Vernier parking. Nobody should park in the Nike spots. Here is a map of available parking, which includes street parking on 141st Ave (also available across Millikan Way, actually), areas behind the building across 141st Ave from Vernier, as well as in front of and behind the Vernier building. Participants should come in the front door of Vernier during the day on Friday, but those coming for the banquet only on Friday and on Saturday can come in the west door.
