

Pacific Northwest Association for College Physics

March 25, 2016

Dear PNACP member institution:

Executive Officer

Warren W. Buck
University of
Washington, Bothell

Secretary

William Greenwood
Pacific Lutheran
University

Treasurer

Christine Berven
University of Idaho

Website

maintained by
Kristen Larson
Western Washington
University
<http://pnacp.weebly.com/>

The Pacific Northwest Association for College Physics is pleased to provide stipend information for the spring 2016 PNACP meeting. This year's meeting will be held at Portland Community College on April 1-2, 2016. The conference theme is **Sustainability**. Details about the conference program and information regarding lodging can be found on the PNACP website at:

<http://pnacp.weebly.com/>

Please find attached a copy of the stipend (travel and subsistence allowance) form. PNACP provides travel stipends to each of its member institutions for attendance at the annual conference. To receive the stipend, at least one faculty member from the institution must attend the conference. Filling out the stipend form will allow us to predict how many will attend the banquet. If you or members of your department are planning to attend the PNACP conference, please complete both pages of the included form and submit it to Christine Berven at the address indicated on the form.

You will find attached a flier we ask that you post along with this letter to help advertise this conference.

Support for PNACP activities is provided by dues from its member institutions. If your institution has not yet paid dues for this year, I ask that you encourage them to do so. Dues are used to bring invited speakers to the annual conference and to provide travel stipends for faculty to attend the annual conference. Even if your institution is unable to pay annual dues, you are encouraged to attend the conference. Our goal for over 40 years has been to bring ALL physicists together- university, college and community college faculty.

If you need additional information, please do not hesitate to contact me.

Warren W. Buck
Executive Officer

TRAVEL STIPEND FORM

PNACP 2016 Meeting: Portland Community College – Sylvania Campus

PNACP provides travel stipends to each of its member institutions for attendance at the annual conference. To receive the stipend, at least one faculty member from the institution must attend the conference. We also need to know who will attend the banquet. If you plan to attend the conference and banquet, please complete both pages of the Stipend Form and return it to the address shown on the following page.

Institution: _____

Amount of the stipend you wish to claim* _____

Cost of banquet ticket(s) (\$25 per person) – _____

Net stipend check _____

Please print the name of the person whose name should appear on the stipend check:

If your institution has not yet submitted its membership dues, please indicate if it will be mailed or brought to the meeting:

[] check will be mailed [] check will be brought to the meeting

* The amount of the stipend available depends on the distance from your institution to the conference institution. The table of these amounts can be found on the PNACP website. You may claim all, part or none of the stipend amount available for your institution.

Please print below the names of those attending the banquet:

Return both pages of the completed form:

By mail:

**Christine Berven; Treasurer PNACP
Physics Department
University of Idaho
875 Perimeter Dr. MS 0903
Moscow, ID 83844-0903**

By FAX: (208) 885-4055

or

**As email attachment: berven@uidaho.edu
(with subject line: PNACP Stipend)**

If your form arrives by **March 30, 2015
your stipend check will be available at the 2016 PNACP Conference.**

SUSTAINABILITY
*with additional contributed talks on physics
and physics education*

Portland Community College: Sylvania Campus
APRIL 1-2, 2016

Those who would like to learn about physics or would like to network with people doing or teaching physics at a variety of institutions are invited and encouraged to attend.

Speakers include physicists at small and large science centers, colleges and universities, national laboratories, and national physics organizations. Conference program also includes the annual James Gerhart Lecture on Physics Education.

Conference Banquet Friday Night

Travel and subsistence stipends available for representatives from member institutions. Membership renewal on-site is available. Banquet ticket reservation and membership renewal preferred in advance.

For more information on the speaker list, submitting a contributed talk, conference logistics, travel stipends, and membership renewals, please go <http://pnacp.weebly.com/>
